Students enrolled at Central High School and Ooltewah High School have the opportunity to extend their learning by enrolling in the Future Ready Institutes at Harrison Bay Center. The Institute of Advanced Manufacturing & Construction exposes students to the 21st century skills necessary to fill positions in the diverse field of manufacturing. The Institute of Architecture & Engineering Design teaches students how to design, model, draw, and build projects for the different disciplines of engineering and apply industry standards to their designs.

FUTURE READY INSTITUTES:

- Institute of Advanced Manufacturing & Construction
- Institute of Architecture & Engineering Design

 **FUTURE READY
INSTITUTES**
of Hamilton County
