

The Highway 58 Masonic Lodge held their annual car show again at Brown Middle/Central High this year, but like all things, it was affected by Covid. The car show has traditionally been held over the summer but will now look at making October the permanent time for the show.

The Masons raise money to help all the Harrison area schools, their special needs students and Exceptional Education program. They have done this for years and are happy to be able to do it again this year. They were not sure if regulations would allow it.

Mr. Brewer is accepting a \$1000 check from Mason, Bobby Harrell with Mr. Kuehn happily looking on.

Harrison Bay is very grateful for this support and generosity shown by the Highway 58 Masonic Lodge.
